A hue grounded in the intensity of the present

A new chapter filled with quiet strength unfolds

Following the meditative serenity of *Sarcelle Story*, Laurentide Paint reveals for 2026 a rich, enveloping, and soulful shade: Purple Garnet. A colour of character, it embodies passion, intuition, and the quiet power of transformation fully embraced.

Subtly shaded with deep red, warmth, and shadow, *Purple Garnet* weaves a visceral connection between emotion, material, and elegance. It thrives in bold interiors, reimagined heritage décors, and softly muted spaces seeking a strong, magnetic presence.

In harmony with the 2025 collection and the *Hues & Nuances* palette, 2026 ushers in an era of confident expression, thoughtful audacity, and a return to essentials.

Purple Garnet enriches the range with a more grounded, sensory dimension. Its pairing with deep greens such as *Sarcelle Story*, warm neutrals, clay-toned pinks, or imperfect whites allows for poetic yet striking compositions.

We invite you to discover the *Quietude* collection, which showcases our Colour of the Year: *Purple Garnet*.

A year to affirm your signature

A palette that resonates with the responsible nature of Laurentide Paint, a proudly Canadian, third-generation company committed to being part of the environmental solution since 1950.

Imperfect Whites

A soft, enveloping palette where the 2026 Colour of the Year, *Purple Garnet*, becomes the guiding thread in a decor imbued with calm and refinement.

In 2026, a new chapter of serenity unfolds. The *Quietude* space represents an evolution of white moving away from minimalism toward a palette of soft, imperfect neutrals that soothe the senses.

Rosy Neutrals

Each shade evokes a moment of peace.

Chalk White establishes a serene foundation, elevated by warm woods, refined metallic finishes, and natural textures.

The rosy neutrals create a welcoming atmosphere, while subtle golden highlights add a timeless sense of sophistication.

A complementary bluish-grey introduces a balancing freshness that completes the ensemble with harmony.

Halo

NCS S 0603-Y20R

From the *Quietude* collection, Halo belongs to the family of imperfect whites hues filled with gentleness and authenticity. Slightly sunlit, it evokes the morning light caressing a quiet surface.

Its faint golden tone radiates a soothing brightness, inviting serenity and harmony. Perfect as a neutral base, it pairs beautifully with rosy tones, light woods, or velvety greys to create a balanced space filled with calm and natural grace.

Natural Neutrals

September Tweed

NCS S 3010-Y50R

From the Quietude collection, *September Tweed* embodies the soft warmth and quiet elegance of rosy neutrals.

This beige with a subtle hint of rose recalls natural textiles and handwoven materials. Its gentle depth creates a cocooning atmosphere that feels both timeless and contemporary.

Paired with honeyed woods, chalky whites, or copper accents, it brings refined comfort and stability.

Maple and Walnut

NCS S 2020-Y20R

Inspired by light and golden wood essences, this colour evokes the softness of sunlight filtering through wood grain.

Its honey tone with subtle highlights warms spaces without weighing them down.

It harmonizes beautifully with imperfect whites, soft greys, and weathered browns, creating a soothing, welcoming atmosphere.

Necklet Grey

NCS S 1002-R

From the *Quietude* collection, *Necklet Grey* belongs to the refined family of imperfect whites.

Between pearly grey and misty white, it reveals a delicate pink undertone that softens its neutrality.

Subtle and luminous, it provides a serene backdrop that encourages simplicity and calm elegance.
